### CONVEYOR REED MAGNET COVER

The CMA Conveyor models (CMA-44, CMA-66, EST-44, and EST-66) have been improved by installing a high-quality, Stainless Steel Conveyor Reed Magnet Cover. All CMA Conveyors will now include two guards (one over each switch location), *protecting* the conveyor switches from being damaged by items not racked properly, which might protrude from bottom of dish rack. CMA continues to provide the best service and highest quality product available.
