ALL SCULLARY SERIES

Part Number: 418.00

Old Part Number: N/A

PERI-PUMP FACE PLATE

Peri-pump Face Plate (PN 418.00) tooling has been modified to include stand-offs around mounting screw holes that secure face plates. We believe this will prevent face plates from cracking. Face plates will be available as of November 15, 2005 (part number remains the same).
