**Log Number:** CN-11-435  
**Subject:** CMA-180T SPLIT DOOR  
**Model Affected:** CMA-180T

## **CMA-180T SPLIT DOOR**

The CMA-180 Tall has been improved with an innovative new "Split Door" system, lowering the profile to make this Pot & Sheet Pan machine more compatible with standard kitchen height facilities. The "Split Door" feature reduces the overall working height to a maximum 93-1/2". The new "Split Door" feature also retains the 27" sheet pan clearance required for Pot & Pan machines, and can be installed where most other brand machines will not fit the footprint.
